

## **Centuri Group, Inc. – Building What Lasts Video Transcript**

(00:00) Visual of Centuri logo

Audio: Upbeat exciting music

(00:02) Visual of crews working intently and safely on gas pipelines and electric lines

Audio: Centuri is in the business of building what lasts. With more than 100 years of experience through our operating companies across North America, we are proud industry leaders. As a strategic utility infrastructure services company, we help our customers build and maintain the energy network that powers millions of homes and businesses across the US and Canada. Guided by our unwavering commitment to serve as long-term partners to customers and communities, we are helping to build sustainable infrastructure systems while building stronger communities and empowering future generations.

Text: Isaiah Stevens, Foreman at NPL

(00:40) Visual close-up of male wearing a safety vest in a warehouse setting

I'm proud to be a part of the energy infrastructure, I had the pleasure of building for communities and most memorably individuals that lost their power and gas, and I got to turn it back on.

(00:54) Visual showing North America map with 71 Centuri locations across the US and Canada appearing as NPL, Canyon, National Powerline, NPL Canada, WSN Construction, Neuco, Linetec Services, and Riggs Distler logos are displayed

Audio: Since 2014, we've expanded our service offerings and geographic presence across North America establishing Centuri as a partner with a capabilities talent and reach for gas, electric and utility infrastructure modernization. We're poised to support North America's transition to a cleaner energy future.

Text: Momoh Sesay, Laborer at Canyon Pipeline

(01:15) Visual of male on a hillside next to a jobsite wearing full PPE

Audio: Safety is always our goal. We start with safety in the morning, everybody got to go home safe.

Audio: With a no-compromises approach to safety and quality Centuri raises the bar as a leader in utility infrastructure services.

Text: Paul Daily, President and Chief Executive Officer, Centuri Group, Inc.

(01:32) Close-up visual of male wearing a suit in an office setting

Audio: Our goal is really simple. It is to operate incident free every day. Doesn't matter if you're in the executive office or digging the ditches on the gas side, or climbing the poles on electric

side, to have a passion a commitment to achieving that goal of operating incident free every day.

(01:49) Visuals of person reading a blueprint, gas and electric crews in full PPE on construction sites

Audio: Centuri prioritizes jobsite safety and environmental protection. Our aim is to ensure the gas and electric infrastructure we build is safe and reliable for the homes and businesses that depend on it. We partner with our customers for the long term to understand their challenges and identify solutions that modernize and strengthen utility systems, increasing efficiency and resiliency while decreasing carbon emissions.

Text: Brad Coleman, Director of Construction at Canyon Pipeline

(02:16) Visual of male in full PPE next to a gas line construction site showing a long length of pipeline ready to be placed in the ground

Audio: One of the things we try and focus on, especially as management is to stay ahead of the industry. We feel like we're a frontline leader in innovation, and we know that we need to continue to do that for safety, productivity, environmental concerns, and find those new creative ideas that makes us that much better so that we can continue to be the contractor of choice for years to come.

Audio: Our greatest asset is our employees.

Text: Gary Allen, Welder Foreman at Canyon Pipeline

(02:40) Visual close-ups of several employees one at a time, each looking into the camera

Audio: I found a home and I really enjoy being here.

(02:58) Visual of male speaker in front of a truck with lots of greenery, volunteers are delivering plants

Audio: We pride ourselves on our inclusive company culture and have dedicated ourselves to helping our more than 10,500 employees achieve their personal goals through training and mentorship programs.

Text: Darade Collins, Manager of Operations, Great Lakes Region at NPL 02:57

Audio: We pride ourselves on community relations. We pride ourselves on philanthropy, volunteerism, and an award-winning supplier diversity initiative.

(03:13) Visual of construction workers conducting activities in neighborhoods showing streets, houses, and cars

Audio: We are woven into the communities where we live and work and are committed to their growth and success. At Centuri we are building for the future. We are putting employee careers on solid ground and working to modernize and strengthen North American utility systems while

improving our world for future generations. Our vision has always been to build and grow a business that creates a better future. That's one of the reasons why Centuri is the long-term partner of choice for our customers who rely on us to deliver tailored solutions best in class talent and high-quality customer service. With our experienced leadership team at the helm and a proven record of business growth, we're prepared for the next century.
